Tennessee Software Solutions Launches Redesigned Website

Wednesday, August 12, 2009

Knoxville, Tennessee - Tennessee Software Solutions (TSS), a leading provider of accounting software solutions including Sage MAS 90 and 200 ERP, Peachtree by Sage, and Quickbooks Enterprise, today announced the launch of a redesigned website. The website, launched at <http://www.tennsoftware.com/>, was developed by Hall Web Services, a Sage Preferred Vendor, and showcases a fresh site design and a wealth of new content resources for prospective customers.

"The design for Tennessee Software Solutions includes a very local and personal feel," said Kyle Pouliot, Graphic Designer at Hall and Project Manager. "The use of photos, biographies, and testimonials matches the personal approach that Troy Turrentine, Andy Adkisson and the other consultants at TSS take towards software consulting."

Visitors to the site can browse through the range of software products supported by TSS and learn about key features and download brochures and whitepapers. The site also features a growing section of in-depth biographies on consultants with TSS, and a newsroom powered by RSS feeds supplied by Zift Solutions.

With more resources and a clear, personal marketing message, Tennessee Software Solutions looks forward to continuing to provide excellent accounting software service for businesses in Tennessee. Learn more at <http://www.tennsoftware.com/>.

About Tennessee Software Solutions
