Hall Internet Marketing Sponsors Third Annual WordCamp Maine

April 4, 2016

Portland, Maine - Hall Internet Marketing has signed on as a sponsor for WordCamp Maine, taking place at the Maine College of Art (MECA) May 13 and 14.

In addition to Hall's sponsorship, two members of the development staff, Gary Thayer and RC Lations, have donated their time to help organize the event, now in its third year.

WordCamp Maine is a community organized gathering of web developers, designers, and business owners interested in learning and sharing knowledge around WordPress. "Maine's WordPress community is an amazingly passionate and curious group of people who love to learn and share their knowledge," said WordPress Developer, Gary Thayer. "It has been a tremendous pleasure working on WordCamp Maine again this year."

WordCamps are casual, locally-organized conferences covering everything related to WordPress, the free and open source content management system that powers over 75 million sites on the web. The first WordCamp was organized in San Francisco in 2006. Since then, local communities around the world have organized over 500 WordCamps in 48 countries.
